

ERNEST AUERBACH COMPANY

March 13, 2014

Debbie Logan managed properties for Auerbach Company over several years. These included a retail shopping center, industrial flex building and a self storage facility. Debbie also facilitated and negotiated the \$4mil sale of our industrial property with one of the existing tenants and was very helpful in the shopping center sale. She was an excellent property manager, detail oriented with a friendly demeanor and always on top of every issue that would arise. Debbie managed our properties with the utmost care and we would highly recommend her.
